## Read Across America

Our reading program "Reading Will take you Places" started Monday, October 2. Parents, letters and the first reading logs were sent home at the end of last week. If you need another, please have your child visit Mrs. Toney for a new log. As you and your child read, complete the log and when it is completed, please sign it and have your child return it to the library so that he/she can receive a prize and new log. The program will continue until March 30, 2018! This is a wonderful way to not only support our library but to establish a love of reading with your child. Remember, reading takes you places!

## Principal's Corner

The Fall-like weather this week has been wonderful. The students, and teachers, have been able to get a refreshing break during their physical activity time instead of getting so hot and tired! The weather was also greatly appreciated as all 120 of our kindergartens embarked on their first field trip to the pumpkin patch today. The students had a wonderful time learning about pumpkins, life cycles and animals. They were also able to bond with their classmates and teachers outside of the classroom. Thank you to all of the parents and volunteers who helped make this an enjoyable experience. I hope that you all have a wonderful weekend. See you Monday!
